04 SERVICES

N°001	Product management & strategy Roadmap, priority arbitration, scoping of workstreams, metrics tracking: the product management function is covered end to end.
N°002	Design & development of new features From scoping to production: design, development, testing and deployment of complete features, not merely adjustments.
N°003	Design, build & maintenance of AI agents Bespoke agents and automations, connected to your tools — designed, shipped, then maintained over time.
N°004	SEO report on demand On top of the monthly report, an analysis run whenever you need it: before a redesign, after a launch, for a target market.

COMMITMENT	NOTICE	RESPONSE	VOLUME
